

Our New President

Obama is the first black president of the U.S. Obama lives in Hawaii. Obama was a lawyer and a teacher. I hope that Obama could stop wars, stop pollution and stop littering.

Polluting is bad because it has chemicals, littering is bad because if you don't clean up, it will be very messy and dirty. It is also bad to have wars because children lose their family members.

Obama went to the white House on inauguration day. Obama made a speech and he got mixed-up. The white House is mostly white. In the white House there are a lot of pictures of the old presidents. My opinion is that Obama will be a great president!
