

# Jim and the Leprechaun

3rd

There once was a boy named Jim, He was celebrating St. Patrick's Day with his family.

While he was looking for 4 leaf clovers, he saw a leprechaun. He grabbed the leprechaun and said "take me to your golden pot. The leprechaun was surprised. He said, "oh fine, I'll show you where my pot of gold is, go to the Leprechaun Palace."

Jim went to the Leprechaun Palace. He saw lots of flowers. "How is this supposed to help me?" asked Jim. The leprechaun pointed to a flower. He took a piece of paper and tied it to the flower. He said that this flower is on top of the pot of gold. He asked if he could leave, Jim said, "yes."

When Jim went to the flower the leprechaun tied all of the flowers with paper. Jim spend day and night searching for the pot, but he never found it.
